Profile

Frontend Developer with hands-on experience building responsive web applications using React.js, JavaScript, HTML, and CSS. Familiar with component-based architecture, React Hooks, React Router, API integration, and state management concepts. Passionate about creating user-friendly interfaces and continuously learning modern web development technologies. Seeking a React.js Internship opportunity to apply and expand frontend development skills.

Projects

• Admin Dashboard.

[Github](#)

- **Technologies:** React.js, Tailwindcss
- Developed a responsive admin dashboard interface using React.js and Tailwind CSS with a modern component-based architecture.
- Implemented reusable UI components, responsive layouts, and interactive dashboard elements for improved user experience.
- Built features including sidebar navigation, statistics cards, tables, and responsive mobile views.
- Applied modern frontend practices using React components, hooks, and clean code organization.

Developer Portfolio Website.

[Github](#)

[Live Demo](#)

- **Technologies:** JavaScript, HTML, CSS
- Designed and developed a personal portfolio website to showcase frontend skills, projects, and professional experience.
- Built responsive sections including Hero, About, Skills, Projects, Experience, and Contact using React.js and Tailwind CSS.
- Added smooth animations and interactive UI elements using Framer Motion to enhance user experience.
- Optimized the website for responsive design across desktop, tablet, and mobile devices.
- Integrated modern frontend development practices including reusable components and clean project structure.
-

More React.js Projects (In Progress)

- **Technologies:** React.js
- Currently exploring advanced React.js concepts...
- Building new applications...

Education

MERN STACK | FEB 2026 | GEN CORPUS DATA HUB CALICUT

BTECH I/T | MAY 2025| MACET KANNIYAKUMARI , TAMILNADU
